

## Personal Information

In order to better understand your child we would like to know about child's personal environment. Please take a minute and tell us about your child.

- What is the environment in which your child is growing? Have there been any recent moves or changes around him/her?
- Does your child have any friends or family member other than his / her parents who play a role in his / her upbringing?
- If your child has any brothers/sisters, how old are they? What is their nature? How does your child interact with them?
- Do you have a nanny? How long has your child been with the nanny?
- Is English the primary language your child is familiar with? If now what other languages does your child speak? Please write a few words / phrases he/she uses in her routine growing up in that language.
- When does your child go to bed, has meals and takes naps (if any)?

Additionally we could like to know your child's personality (shy, calm, nervous, bold, easy going etc.) from your perspective. Also, any other information that would help understand your child faster / better is highly appreciated. We appreciate you sharing the information.
